Township, Range, Section	T16N R2W S16	
Pond Size	2 acre	
Water Name	Pond	
# of Carp	4	

Getting Your Fish Home Safely - Save this Portion of Form

- All fish, except catfish, will be pre-bagged and sealed in oxygenated water.
- 6-8" catfish: Due to their spines, you must provide a container with pond water. Pond water should be collected on pick-up day to ensure sufficient oxygen.
- Bring containers such as 5 gallon buckets, coolers, or totes, to secure the bags while traveling.
- Bagged fish should be kept out of sunlight on your trip home.
- After pickup, go directly to your pond and put your fish in.
