

Backyard Bloom Boost

Application form

Applicants Name: _____

Address: _____

City: _____

Telephone – Home: _____ Cell: _____

Email: _____

Owner if different from applicant: _____

Location of your proposed garden site:

Are you able to prepare the site and complete the planting and mulching yourself?

Landowner Requirements:

- Prepare pre-approved garden site using one of following methods:
 - Smothering existing grass with plastic
 - Tilling
 - Applying chemical treatment such as glyphosate, depending on site conditions and resident preference.
- Mulch garden site to control weeds.
- Complete all planting and mulching by the end of May.
- Manage garden site over a three-year period (until Fall 2029). This includes:
 - Watering plants
 - Removing unwanted “weeds”

- Mulching when necessary (after initial mulching in May 2026)
- Picking up any trash
- Any other garden upkeep that is necessary
- Display Backyard Bloom Boost signage near garden site.
- Provide necessary information for garden site to be registered as a Monarch Waystation.

Do you agree to complete the above requirements? (YES or NO): _____
