  - 2 – Prairie Blazing Star (late – purple)
  - 1 – Drummond's Aster (late – white)
  - 1 – Rattlesnake Master (mid – white/green)

**Large Plant Packs** - includes 36 - 3.5" native potted plants. Ideal for 100 sq. ft.

**SPECIAL - Monarch Waystation Plant Pack - \$200**

- This pack provides a haven for the monarch butterfly population during their annual migration, which has been in decline in recent years due to habitat loss and the use of pesticides. By purchasing this pack, you can help protect this vital species and contribute to the conservation efforts aimed at restoring their populations. By creating a habitat for monarch butterflies, you'll be supporting a diverse range of plant species which can in turn attract other pollinators and beneficial insects. This can help create a healthier ecosystem overall while simultaneously adding beauty to your yard.
- When purchasing a Waystation from Rock Island SWCD, you will receive 36 plants including 5 varieties of milkweed, an official Monarch Waystation sign and certificate, and your waystation will be officially registered with Monarch Watch!
  - 3 – Common Milkweed (mid -pink)
  - 2 – Spider Milkweed (early – green)
  - 2 – Butterfly Milkweed (mid – orange)
  - 2 – Whorled Milkweed (mid – white)
  - 2 – Rose Milkweed (mid – pink)
